

The Sea to Sky Referral Program

The referral program is a great way for the customers of Sea to Sky Motorsports to get some of those accessories that have been wanting without spending a penny. How it works is if you have a friend or simply someone you know looking to get into a motorcycle, ATV, Side by Side or snowmobile and he or she comes down to the shop with you and purchases you will be given an in store credit. You the customers are great to deal with and love your product so you are the best sales staff the dealership could ever have. So next time you have someone say “man I need a toy” bring him or her down and lets get them into one. Not only will you get some free goodies but another person to ride with. It’s time you started taking advantage of the referral program and getting those accessories you have been looking at a lot sooner and for a lot less.

Thank You

Now get out there and Ride!!!

The Staff of Sea To Sky Motorsports
